
Temora Jets 2008

Posted by rocko - 2008/05/26 21:02

AusJets will be at Temora Jets 2008.

We are planning if possible to have a display of the ZEUS engine and the new BRAVURA 20 pound turbine.

My primary goal will be to have the ZEUS in a jetmach trainer for X-treme Jets F-16.

While the BRAVURA will be installed in an X-treme Jets Rafale.

Rob
