
Turbine Servicing

Posted by rocko - 2008/04/27 11:58

AusJets is now the factory approved repair center for Jet Turbine World and Turbine Technics engines. This allows us to provide the best support as the distributor for Australia and New Zealand for these turbines.

=====

Core balancing now available.

Posted by smithy - 2008/05/19 05:23

Hey All,

Just a small announcement to let you know the I have just completed the tooling necessary for core balancing of the JJ1200, JJ1400 and JJ1800 turbine engines, go here for more details:

<http://www.ausjets.com/support-blog/index.php>

Core balancing is also available for the Jet-Central range of turbine engines.

Cheers,
Smithy.
