
Welcome to AusJets

Posted by rocko - 2008/06/12 00:32

I would like to welcome JetJoe users from all around the world to the AusJets forums. I have created this area for all of us to share our experiences and support each other.

My primary goal when establishing AusJets was to give other a more cost effective way of getting into jets and turbines. I am also comitted to improving the awareness and reputation of JetJoe turbines.

So join up and introduce yourselves in here..

Rob Orrock
